

Server Side Rendering

Client Side Rendering

Six Guiding Principles of REST

01	Uniform Interface	04	Cacheable
02	Client-Server	05	Layered System
03	Stateless	06	Code on Demand (Optional)

REST API

<https://api.restaurant.com>

See what's available to order

REST API

<https://api.restaurant.com>

See what's available to order

REST API

<https://api.restaurant.com>

Place an order for Margherita Pizza (id #1)

REST API
